

Istiaq Ahamad Ruhan

Front-End Developer

📍 Barisal Sadar Upazila

Email: ruhan15-5232@diu.edu.bd

Github: [Github](#) | | [Portfolio](#)

phone: 01616551879

Objective:

To contribute my skills as a Front-end developer to a dynamic organization where I can actively participate in building web applications. My strong technical knowledge and collaboration effectively with the functional team, and contribute to the growth and success of the organization.

Skills and Technologies:

Expertise: React, Firebase, MongoDB, Tailwind, Daisyui, Bootstrap, CSS, React-Router, env and etc.

Comfortable: Node js, express js, next js, error handling, cors, img hosting online.

Familiar: Jwt, axios, stripe payment method.

Tools: NPM, vercel, netlify, figma, chat-gpt, vs-code and some more tools.

projects:

1. Italian restaurant:

[Live](#), [Client](#), [Server](#)

Features:

- It's a user-friendly web application. Here you get every type of Italian food. You can buy food whenever you want.
- You can choose food by your preferred chef. Also you know about the ingredients and filter the best selling food.

Technologies: React-router, Tailwind-css, daisyUi, firebase, mongoDb, vercel, expressJs, nodeJs.

2. Action-Cars:

[Live](#), [Client](#), [Server](#)

Features:

- In this application you found two different dashboards. You can choose any type of cars and buy them with online payment.
- In the admin dashboard admin can make a person admin and remove from admin also.
- An admin can add any new cars through admin dashboard.

Technologies: React-router, Tailwind-css, daisyUi, firebase, mongoDb, vercel, expressJs, nodeJs, react-hook-form.

3. Bloodbond-Network:

[Live](#), [Code](#)

Features:

- In this project we made a system for matching donors with specific blood types to recipients in need.
- This project was made by our team. It's a team project.
- We made 2 types of dashboard. If there is an emergency, we provide an emergency contact service.

Technologies: NextJs, tailwind-css, daisyUi, Firebase, mongoDb, react-hook-form

Education: National University, Bangladesh. (B.Sc in Mathematics).
